PROFESSIONAL EXPERIENCE

Operations & Reporting Lead (Brand Strategist title)

Mama Tress Marketing & Research Agency | November 2017 – August 2025

- Supported cross-functional planning decisions by surfacing insights on demand patterns, performance trends, opportunities, and emerging risks.
- Presented findings and facilitated stakeholder discussions, tailoring analysis to priorities and building alignment, consensus, and confidence in decision-making.
- Conducted customer-level analysis including segmentation, behavioral trends, and responsiveness to identify growth and retention opportunities.
- Refined unclear business questions, identified relationships across variables, and integrated multiple data sources to deliver precise, decision-ready insights.
- Translated qualitative questions into measurable inputs using proxy data, structured analysis, and targeted research.
- Developed and enhanced recurring reports, presentations, and weekly reporting cadences that translated performance data into actionable insights and reinforced accountability across teams.
- Established and standardized reporting and deliverable tracking systems that improved workflow visibility, reduced delivery risk, and decreased manual effort.
- Ensured data integrity and consistency across reporting outputs through validation checks, discrepancy resolution, and proactive identification of data quality issues.
- Analyzed operational and sales data to identify gaps, workflow breakdowns, and root causes, recommending corrective actions and process improvements.

CRM Administrator (Volunteer)

Humane Action Pennsylvania - Remote | 2026–Present

- Support administration and enhancement of the organization's CRM system to strengthen data quality, reporting capabilities, and operational efficiency.
- Assist with reviewing workflows, custom fields, tags, groups, and page layouts to improve data capture, segmentation, and reporting processes.

- Develop familiarity with existing CRM structure, reporting needs, and operational workflows to identify opportunities for improvement.
- Contribute to data maintenance activities including audits, cleanup, imports, exports, and record standardization to support database integrity.
- Partner with leadership to understand business needs and translate operational requirements into scalable CRM solutions.
- Support reporting and dashboard needs by helping organize data for management visibility and decision-making.
- Assist with documentation, user support, and change management efforts to encourage consistent CRM adoption across teams.
- Research platform capabilities, workflow improvements, and automation opportunities to support future system enhancements.

Analytics Projects

Customer Churn & Revenue Risk Analysis (Self-Initiated)

- Analyzed customer churn dataset (~400K+ records) using Excel, SQL, and Power BI to identify high-risk segments and revenue exposure.
- Created derived fields (risk flags, tenure tiers, value segments) to classify customer risk and prioritize retention focus.
- Identified behavioral patterns linked to churn, including usage frequency, engagement, and tenure-based trends.
- Produced dashboards and summary reports to communicate findings and support decision-making.

Marketing and Communications (Contract)

Women's Refugee Commission – New York, NY | June 2017 – August 2017

- Tracked and reported digital engagement metrics, analyzing performance trends to refine communication strategies.
- Maintained reporting processes for campaign performance and content distribution.
- Developed standardized workflows that improved reporting efficiency.

Executive Assistant (Multiple Short-Term Contracts)

L'OREAL USA, Magnet Media Films, CBRE, IStar Financial, Equinox Partners Robinson(+)Consulting– New York, NY | March 2017 – November 2017

- Managed documentation, expense tracking, and workflow coordination across teams.
- Tracked and reported engagement and operational metrics to leadership.
- Supported executives through scheduling, reporting preparation, and operational coordination.

Coordinator (Contract)

International Advertising Association – New York, NY | November 2016 – March 2017 | Full-Time 40 hrs/week

- Maintained tracking spreadsheets documenting records, processing timelines, and data accuracy.
- Updated and verified database records to ensure completeness and reliability.
- Supported reporting workflows and documentation accuracy.
